

'Tis the Christmas Tree Hire 2026 season

SELECTION · DELIVERY · INSTALLATION · DECORATING · COLLECTION · RECYCLING

We supply, install and decorate fresh, locally grown Nordmann fir trees — the popular choice because they are less prone to needle drop and more resilient to warm, dry office conditions. All trees are supplied in a terracotta-style pot or planter of your choice. Containers, trees, decorations and sundries remain the property of Plantscape, freeing up your storage for the rest of the year.

Undecorated hire — supplied, installed & collected, stand & pot cover included, no lights or decoration | Up to 8ft (244cm) **£195** | 9ft+ (274cm) **£325**
